Transition Project/PNNL Facilities  
PNNL 300 Area Project Managers Meeting  
December 9, 2004, 2:30 PM  
Ecology Offices, Richland

Agenda

1. Approval of September 23 Meeting Minutes (Ecology/PNSO/PNNL)
2. General Discussion Items:
  - a. 305-B/325 HWTUs Quarterly Permit Modifications (PNSO/PNNL)
  - b. RCRA Permit Renewal (Ecology)
  - c. RLWS Status (Ecology/PNSO/PNNL)
  - d. Legacy Waste Status (PNSO/PNNL)
  - e. Performance Track Implementation (PNSO/PNNL/Ecology)
3. Action Items:
  - a. T. Aldridge (DOE-RL) will set up a meeting with River Corridor Contractor/PNNL/DOE-RL/Ecology after September 18, 2003, to discuss the future and upcoming changes regarding the closure of the 325 Building, and Matrix information.  
Status: OPEN -- will remain open until February 2005
  - b. H. Tilden (PNNL) will provide a written response to Ecology request for further information to support a contained-in determination for 111 drums of waste.  
Status: OPEN -- Ecology is reviewing potential alternatives based on the inability of the analytical laboratory to restate its detection limits downward to demonstrate compliance with LDR treatment standards for o-cresol.
  - c. G. Davis (DOE) will issue an approval letter for the Class 1 modifications supporting RLWS procedural closure.  
Status: OPEN -- this letter has not been received to date.
4. Budget Status: Fourth quarter FY 2004 report to be provided at meeting.
5. Next Meeting: Proposed for January 20, 2005, 2:30 PM at Ecology's office.

## ATTACHMENT 2

PNNL 300 Area Project Interface Meeting  
Ecology Office  
Richland, Washington

December 9, 2004  
3:00 pm to 4:00 pm

### 1. Approval of Past Minutes

The September Project Manager Meeting (PMM) minutes were approved

### 2. General Discussion

- There were no 305B/325 HWTUs Class 1 permit modifications this quarter. There will be some next quarter.
- Removal of the PNNL Site (including mentions to EMSL) from Hanford RCRA Permit will be proposed to Ecology in a Class <sup>1</sup>1 modification package to be submitted shortly. This modification, when approved, will be submitted as part of the regular quarterly submittals for documentation purposes.
- RCRA Permit renewal is still ongoing, chapters have been sent out for review by other Ecology staff. Chapter 8 (personnel training) had no comments. Many of Ecology's comments are likely to focus on making the 305-B and 325 permit attachments more similar.
- Ecology will request new Part A forms be submitted before the re-issuance of new permits. This will not be effective until February or later.
- RLWS Status: Approval is at Ecology, PNNL is waiting to receive letter back from Ecology
- Legacy Waste Status: Three bowling ball casks all shipped and closed out. The B-cell tank cleanout is ongoing.
- Performance Track: Ecology would like to see a copy of PNNL's application. Copy to Bob Wilson.

### 3. Action Items

- T. Aldridge (PNSO) will set up a meeting with River Corridor Contractor/PNNL/DOE-RL/Ecology after September 18, 2003, to discuss the future and upcoming changes regarding the closure of the 325 Building, and Matrix information.  
Status: Open - Action will remain open until February 2005 (no change)
- H. Tilden (PNNL) will provide a written response to Ecology request for further information to support a contained-in determination for 111 drums of waste.
